FOOTPRINTS OF INFANT WAIFS

New Plan For Identifying Foundlings

New York, Jan. 5.—A system of taking foot-prints of children has been adopted in the New York Nursery and Child's Hospital to prevent infants born there from going to the wrong mothers. Its adoption was due to the fact that a soldier's wife who recently gave birth to a baby in that hospital at first denied that the child was hers. The young mother, who had been reading stories of accidental substitution of children at hospitals and similar public institutions, declined to nurse the baby.

"We brought all the proofs we could muster," explained the superintendent, "but the mother persisted in her hallucination. She became hysterical with grief and fright. Finally, I brought out the records which showed that only a little colored baby and her own had been born in the hospital that day. That convinced her, but just think of what would have happened to that poor woman if other white babies had been born here on the same day."

In order to avoid a similar experience the superintendent engaged a finger-print expert to instruct the head nurse in trying the system on the babies. "We found we couldn't get good prints of their hands," said the official. "Their feet, however, came out beautifully and for greater security the mother is finger-printed also."

Very young babies, it was said, may look just alike but their feet are quite dissimilar. One child, the superintendent declared, will have a perfectly formed miniature pedal extremity, another's will print mostly vague criss-cross lines and still another will look like "an egg and five toothpicks."

Under the present system, which has been in operation nearly six months, the child's foot is inked and stamped on the hospital chart of the mother. Although he may not resemble any one in the family and though no one can tell where he got his nose or his eyes or his mouth or the color of his hair, a comparison of the footprint taken at birth it was said, will tell whose child he is from among the hundreds of infants in this New York institution.

Death.

A death which came as a great shock to the entire community was that of Mrs. Henry J. Harby. Mrs. Harby had been somewhat indisposed for about two weeks, but was thought to have been improving until recently, when she was moved from her home to the Towner Hospital where she died Tuesday at eleven o'clock. She had all that willing hands could do, but even this proved to be unavailing.

Mrs. Harby was before her marriage Miss Emmanuel of Georgetown. Mr. Harby, one son, Hal W. Harby and one daughter, Mrs. Leland Moore, survive the deceased.

The funeral services will be held tomorrow morning at eleven o'clock at the home on the corner of Calhoun and Church Streets.

New Real Estate Company.

The McLaurin-Mills Realty & Auction company has been organized by a number of the most successful and substantial business men, financiers, real estate operators of Bennettsville, and this company will enter actively into the real estate auction business in South Carolina and adjacent States. They will give particular attention to the business in the eastern part of this State, for the men who compose the company may be classed as specialists in the subdivision and sale of Pee Dee and eastern South Carolina farm lands. They will also handle all classes of town and country property.

Philippine Women Want to Vote.

Manila, Dec. 10.—The women of the Philippines have launched a campaign for suffrage. The senate committee has been holding public hearings on the Sison bill, providing for their enfranchisement.

The effort to organize a military company to be a part of the State National Guard should be revived and the undertaking should have the encouragement and substantial backing of the business men of Sumter. When peace is finally and formally declared the Sumter Light Infantry Reserves will automatically be mustered out of service and Sumter will be without a military company.

The purchase of automobiles on credit in the spring has sent a number of optimistic negroes to "jine the rabbits" since the harvest failed to provide the wherewithal to take up the mortgages. Deputy Sheriff McKagan has done a lot of hard riding recently trying to locate cars and those who rode in them so gaily during the summer and early fall. Some he finds, but many have faded away.

The men's meeting to be held at the Y. M. C. A. building Sunday afternoon will be addressed by Dr. W. E. Thayer. Dr. Thayer's subject will be "The Insecure V.S. The Secure Foundation." All men and young men cordially invited. Special music. The meeting will open promptly at 2.15 p. m.

Amerongen, Jan. 7.—Allied demands for the extradition of Former Emperor William are expected at the Hague about January 15th. It is reported that Count Hohenzollern will rely on the protection of Holland, and her refusal to honor the allied demand.

COUNTY BOARD HOLDS MEETING

Commissioners Hold Annual Session—Road Reports Received

The regular and annual meeting of the County Commissioners was held Tuesday with all members present. The minutes of December 2nd and 26th were read and approved.

Mr. Jones appeared before the board with reference to getting the children of Mrs. Walker, his daughter, who are now in the alms house, in case they were to become a permanent charge upon the county. He offered to take all the children or to contribute a certain amount each month in the way of supplies for their support. The board advised him that the present arrangement would continue to April 1st with the understanding that two of the children, suffering with eye trouble must be operated upon.

Supt. Thompson made a report for the work done on the roads for the month of December, giving a detailed report of each day's work. Twenty three bridges had been overhauled and repaired, including all bridges in the Black River and Swamp O'er swamps. The main chaingang was in the Rembert section, with the secondary one in the Shiloh community.

The request of H. W. Harby, et al. for a bridge in the Privateer section was granted by the board.

Supt. Thompson requested the purchase of a new grading machine which was authorized. He also recommended the purchasing of an excavator and a ditching machine at an approximate cost of \$12,000. Supt. Thompson made statements as to the value of these machines and the labor that would be saved by them. The board directed Supt. Thompson to get figures as to the cost and submit same to the board.

Chairman McLaurin read a letter from a firm of engineers relative to the Black River project. This letter stated that no survey of this road had ever been made and no definite estimate of the cost could be made until after the survey. The board authorized the firm to survey the road at a cost of \$52.50 per mile. This road is to be put in good shape by contract work.

The claim of W. K. Thompson against the county for damages to car caused by the chaingang was ordered paid.

Supt. Thompson reported the escape of one long term and one short term convict from the gang. The long term convict has been recaptured.

One convict was accidentally shot by Mr. Huff of the alms house and was placed in the hospital. The board requested Mr. Huff to pay medical bill.

A letter was received from the Postal Telegraph Co., stating that some of their poles which had been removed in road construction have not been replaced. The company asked to be advised in the future when a pole is to be removed and the request was granted.

An application was received from Mrs. Sarah Lackey, widow of a Confederate pensioner, and now on the State pension role, asking an appropriation from the county for additional help. The clerk was authorized to obtain further particulars and report to the board.

The clerk reported the death of Julia Keith and John Davis, inmates of the alms house, on December 2nd and January 3rd, respectively.

The clerk called the attention of the board to the law which authorized the County Board of Commissioners to place out children in suitable homes and suggested that the county could be relieved of some of the expense now borne by the county and that possibly at the same time advance the permanent interest of the children.

Reports were received from the cotton weavers, rural policemen, and health survey office. No report being received from the county demonstration agent. The clerk was authorized to write the agent for report to file.

The clerk reported on the situation relative to two cars of pipe, purchase of which was authorized some time past, and stated one car was received. The board cancelled the order for the second car at this time.

Supt. Thompson was permanently elected superintendent of roads and required to give a \$10,000 bond.

The clerk presented figures relative to the expenditures and receipts for 1919 and made a budget for the coming year.

Commissioner Mims reported on the claim of E. L. Clements for damage to horse. The board authorized the payment of \$40.

Commissioner Officer advised that a party in his district wished to cut a ditch across the road and asked that the county cooperate as it would drain some of the roadway. Supt. Thompson was authorized to handle the matter.

Supt. Thompson stated that it would be an advantage in handling escaped convicts if he could be sworn in as a deputy sheriff with power to make search without warrants and advised that the sheriff had agreed to appoint him as a deputy upon the recommendation of the board. The board recommended this done by the sheriff. All claims were approved by the board.

Messrs. H. G. Osteen of The Item and F. D. Knight of The Herald appeared before the board relative to the rate paid by the county for publications. The rate of \$60 per year does not pay the expense of setting up the type and stated that while the reports had a certain news value, they were not being compensated for their work.

The board adjourned to meet on January 9th with the legislators.

Newman-Peebles.

On Monday afternoon, at 5.30 o'clock at the Salem Baptist parsonage, Miss A. Jeannette Newman and Mr. Mason Haynes Peebles were united in marriage. Rev. E. W. Reynolds performed the ceremony.

BOLL WEEVIL CONFERENCE

Meeting of Farmers and Business Men to Be Held January 5th

The colored farmers of Sumter county are invited to attend the big boll weevil conference of white farmers, merchants, bankers, and other business men at Sumter court room, at 11 a. m. Thursday, January 15th. Special provision will be made for seating the colored citizens who attend.

This conference is one of the greatest importance to every interest in Sumter county, and County Agent J. Frank Williams and the Sumter County Chamber of Commerce, acting under orders from the Farm Extension Service of Clemson College and the United States Department of Agriculture, are exerting their utmost efforts to thoroughly advertise the affair and to get out representative delegations from every school district in this county.

As before stated in this paper, every white farmer, merchant, banker and other business man is earnestly requested to consider himself a committee of one to call attention to the objects, date, place of meeting and the hour of this conference, and to call upon his neighbors to attend the conference.

SUMTER COUNTY HEALTH SERVICE

Mrs. Edith Stroupe Will Continue Work this Year

The Sumter County Chamber of Commerce has been requested to announce that effective January 1st, 1920, Mrs. Edith Stroupe who has been serving as county health nurse under the rural health survey activities in Sumter county, will be the official rural health nurse for Sumter county, working for the Board of County Commissioners of Sumter county.

Every medical practitioner in Sumter county is requested to report all communicable diseases direct to Mrs. Stroupe and she will report these diseases to the State Board of Health at once.

The objects and the benefits to be derived by physicians reporting communicable diseases direct to the county health nurse will be that she will be put into immediate touch with the cases of disease and she can immediately take the necessary steps to prevent the spread of the disease and go to the family where the infectious disease is and give expert advice and assistance under the direction of and in cooperation with the physician in charge.

It has been decided by the County Commissioners that there will be no regular health unit in this county this year, but that instead of having a physician and sanitary inspector as during the past year there will be a county health nurse who will continue her work among the rural schools and at tend to such other business as she can make health conditions better in the rural districts.

It is also announced that the work of this nurse will be in cooperation with but not under the direction of the State Board of Health.

Dr. L. Bragg Anthony, the supervisor of colored rural schools who has been making medical examinations at these colored schools during the regular health survey will continue to carry on her work until she has completed her contract with the Chamber of Commerce and the State Board of Health to make an examination of every pupil in the colored rural schools of the county.

She will report directly to the managing secretary of the Chamber of Commerce every week what she has accomplished instead of reporting to the county physician in charge of the health survey, as there will be no county physician directing health work in this county this year. The work being performed by the two nurses under different direction and doing however practically the same kind of examinations required under State Board of Health rules and regulations.

A report of the results obtained under the health survey will be published directly from the State Board of Health, and it will show that the money spent by Sumter county contributions and taxpayers has been money well spent.

The county commissioners will have charge of the work performed by Mrs. Stroupe as she has been employed and will be paid by the county commissioners. Dr. L. Bragg Anthony will be paid by the Chamber of Commerce and the State Board of Health, and will be working with and under their supervision.

The Chamber of Commerce and the State Board of Health will cooperate heartily with Mrs. Stroupe and will furnish her with State laboratory service and other assistance possible. Every school teacher, patron, and trustee in the county is requested to give Mrs. Stroupe and Dr. Anthony their active cooperation and interest as both of these nurses are working to give the thousands of rural school children, and others, in both races the very best scientific assistance possible.

Fire.

Mr. J. Singleton Moore of Cane Savannah had the misfortune of losing his home and his household furniture. Also a good many farm implements. Through the efforts of his friends most of his cotton was saved.

A considerable damage was done to the home of Mr. Heckle at 304 West Oakland Ave. Tuesday afternoon at 5.30 by fire. The fire caught on the roof near the chimney and before the fire department was called had made considerable headway. Only a short time was required to bring the fire under control and extinguish it. No great damage was incurred, save on the roof.

BUYS HOME IN COLUMBIA

Former Governor Manning Will Move to Columbia April 1st (The State.)

Ex-Governor Richard I. Manning has purchased the George W. Waring home, 1600 Pendleton street, and will come into possession of it April 1st. The price paid was \$30,000.

This home is one of the most artistically in the city, and is in one of the most desirable locations. It faces Pickens street, and has a side entrance on Gibbs Green of the University of South Carolina.

The house has ten rooms, most of them large and of handsome proportions, large halls and large sleeping porch. It has every modern convenience, with plenty of piazza room. The lot has frontage of 100 feet on Pendleton street and 208 feet on Pickens street.

It will be occupied by Ex-Governor and Mrs. Manning, and three of their sons, Burwell Deas, John Adger, and Preston, after April 1.

MOORE-BROHUN

Miss Herriot L. Moore Weds Mr. T. D. Brohun

Charleston, S. C., Jan. 5.—in the marriage at Grace Church in this city on Saturday afternoon at 4.30 o'clock of Miss Herriot L. Moore, of Charleston, and Mr. Thomas Day Brohun of Wedgefield, two of the oldest Sumter county families were united. The bride, a daughter of the late Severe Moore, has lived in Charleston for a number of years, and has a wide circle of friends here, but her people have long been residents of Stateburg in the upper part of Sumter. The groom, a planter and civil engineer, served for more than a year in France in the engineering corps, of the Fifty-fourth division and is one of the most highly respected young men of this section.

The wedding ceremony Saturday afternoon was performed by the Rev. William Way, rector of Grace Church, many friends of both families being present. The bride was given away by her brother, Dr. M. S. Moore, of this city. Miss Sarah Moore, the bride's sister, being maid of honor and Dr. Matthew S. Brohun, of St. Luke's Hospital, New York City, the groom's brother, being best man. The church was most attractive in its holiday decorations. Mr. and Mrs. Brohun left the city immediately after the ceremony by automobile for Wedgefield.

Among the out-of-town relatives present for the wedding were Dr. and Mrs. Henry Moore, of Orangeburg; Mrs. F. P. Burgess, of Manning; Messrs. Martha and Rebecca Moore, of Winthrop College, and Messrs. Chas. Moore, of Asheville, and Severe Moore, of Hartsfield, brothers and sisters of the bride; the groom's mother, Mrs. Carrie Brohun, of Wedgefield; and the bride's aunt and cousin, Mrs. Charles Pinckney and Miss Emma Pinckney of Sumter.

SHILOH NEWS NOTES

Shiloh, Jan. 6.—These winter days make the old log-wood fire night acceptable company. This is one item in the country home that has the advantage over the city home. The open fire is comfy and cheerful on cold winter days.

School opens with full attendance Monday. Mrs. J. W. Warren, our popular principal, visited the city by the sea during the holidays.

We are glad to have with us again Mrs. R. F. McElveen, who moved in with his family this week. He moved away some three years ago. Some how the people who move away from Shiloh come back.

Mr. Ben Brown who married in this section, but who moved away several years ago was visiting friends and relatives here last week. Mr. Brown has been around a good deal. He now lives in or near Atlanta, Ga. He is a successful farmer and has had experience with the boll weevil in Texas and Georgia. He had sample of the pest with him and gave our farmers some hints as to how best to combat them.

Mr. R. P. McIntosh, a popular traveling salesman of Lynchburg, S. C. was in our town Tuesday.

Mr. Walker T. Green was away on business Tuesday.

The little daughter of Mr. and Mrs. E. L. Clements is real sick at this writing. We hope she may have a speedy recovery.

McLaurin, Jr., and J. D. Shirer, both of Sumter. McLaurin-Brunner Company, of Sumter, was commissioned with a proposed capital stock of \$20,000, the petitioners for incorporation being H. J. McLaurin, Jr., and H. P. Bruner, both of Sumter. The company intends to do a general lumber manufacturing business.

Farmers and merchants of South Carolina are offered United States army wagons at a much reduced price by a new ruling of the war department authorizing the surplus property division to proceed with the sale of 2,434 used wagons and 1,014 new wagons. This order has just been received at the office of the camp supply officer at Camp Jackson where several hundred of the vehicles are located.

S. C. TUBERCULOSIS ASSOCIATION

New Executive Secretary Has Been Engaged

Columbia, Jan. 8.—Philip B. Warner comes from Birmingham, Ala. Columbia this week to accept the position of Executive Secretary for the South Carolina Tuberculosis Association. Miss Chauncey Blackburn of Columbia, who has held that position for more than a year past, is Field Secretary in this State in order that she might devote her entire time to specialization.

Mr. Warner, born in Connecticut and raised in Louisiana, entered his new home with the declaration that he is a Southerner coming here to work among and for Southerners. He uses his best efforts to further develop the splendid work already being accomplished by the Tuberculosis Association and to be a booster for Columbia and South Carolina. His family moved from the New England State to Louisiana when he was a boy of 8 years. His father, Beverly Warner, was a prominent Episcopal clergyman in New Orleans.

Educated at Tulane University, New Orleans, Mr. Warner studied for the ministry but upon the death of his father he decided to take up a business career. During his first year of study he was in reserve mission work in Philadelphia which experience aids him materially in his undertaking here. The new secretary acting as Regional Campaign Director for the National Tuberculosis Association organized the ten Southern States for their history making conference. After successfully carrying this mission he became director of the Christmas Seal Sale Campaign for Alabama, in which State a sum of \$100,000 was raised to help fight the great white plague.

At present Mr. Warner is attending the National Conference of State Executive Secretaries of Tuberculosis Associations being held in Chicago. He is representing this State in the work of outlining the schedule of activities for 1920. Every State in the union is represented and Mr. Warner, quickly acquainting himself with Southern Carolina's progress and future needs, intends to make the development of the tuberculosis fight in the Palmetto State known to the rest of the country. Mr. Warner and his wife located here before making the trip to the Windy City.

Since June 1918, when she took over the reins of the association, Miss Blackburn has made vast strides in the work of the organization. The association's annual report recently published, describes the achievements with the broadening out of the work it became necessary this year to put more strenuous efforts behind the wheel of progress so that now Miss Blackburn is able to give most of her time to the Children's Health Crusade work. Much has already been accomplished in this direction and the coming year gives hopes of continued success.

Extraordinary Story.

Paris, Dec. 15.—An extraordinary story of the election of a French soldier to the Chamber of Deputies and his subsequent conviction by court martial and sentence to imprisonment for two years has come to light. Lieutenant Verniers, of Strassburg, the man. When the tickets were being prepared for the election, a soldier candidate was desired in the Department of the Nord and Verniers' name was proposed by a national republican senator who said that Verniers had 56 wounds and had received 17 citations for bravery.

Verniers was then in a hospital but he was elected without appealing for his constituents. Later it was learned that he was charged with stealing 20,000 francs from the funds of his regiment. He was court-martialed and sentenced to two years imprisonment and has resigned from the Chamber of Deputies after having been a member of that body for 48 hours.
